Due to the COVID-19 virus things will be a little different this year. We will be able to have in person meetings at the Artisan Center. **NWTC Artisan Center requires masks to be worn at all times inside the building and no drinks or food.** Our meetings will be held on the third Saturday of each month at 9 am but dates may change due to scheduling conflicts. If you would like to be a demonstrator please notify Tim Harteau on what you would like to demonstrate. Thank You!

## President Letter

**By: Tim Harteau**

Welcome back Woodturners,

Wow, the summer flew by for me.

I still have summer activities that didn't get checked off my "to-do" list and we are getting ready for our new season of meetings at the Artisan Center.

My move to the new house (and shop) went well. There are still pictures to hang, a few boxes to open and a lawn to put in. The shop is functional, and I did purge excess stuff during the move so I'm very close to diving into my turning activities. The fresh paint and new floor have a nice feel.

BLWT Board Meeting -

The BLWT Board met a few weeks back. We have some demonstrations lined up for the year, but we are always looking for your ideas to help the club get the most value from our activities. Please give us your ideas for topics or meeting themes to feature at our Saturday get togethers.

## President Letter

In addition to choosing our meeting topics the board unanimously supports investing in new video equipment to broadcast our meetings via Zoom. The equipment we have at the Artisan Center does not port over well for webcasting. Initial estimates appear the club can obtain a nice setup of a computer, switch, webcams, and microphones for around \$2,200. This would be money well spent on a straightforward setup that club members can operate. I received many positive comments on our “rookie Zoom season” and know this would build on what we have already accomplished. And speaking of video equipment, don’t forget to say “thank you” to Gerry Jensen for sharing his personal video equipment for the benefit of the club last year. Gerry willingly packed up all his equipment and hauled it multiple locations to support our Zoom webcast. Thank you, Gerry!

### September Meeting -

We have some scheduling conflicts for the September meeting and need to move it back one week. Saturday, September 25 will be the face-to-face meeting. Wearing Masks inside the Artisan Center is mandatory for group meetings. Come prepared.

I will be the September demonstrator. Bowl turning and grain orientation.

### Summer Challenge -

I look forward to seeing your summer challenge projects! Everyone participating in the challenge will have their name dropped in a hat for a chance to win a gift certificate. So if you haven’t already go to your lathe and quickly turn a top, fishing lure or tool!

See you Saturday!

Tim

## UPDATING OUR MEMBER LIST

By: Terry Hermes

This year we will be updating our Member's List due to new addresses, phone numbers and email changes. I want to make sure I get everything updated. Last year was such a crazy year with Covid and the Zoom meetings some members opted to take a break from the meetings but would like to come back this year. Welcome Back! With the September email I sent out a Membership Application for new members and existing members. If you just took last year off, have a name badge and are back this year, then you are an existing member. Existing members do not have to fill out why they joined the club. You can print out the sheet and bring it to the meeting, or fill one out at the meeting, or fill it out and email it to me at: [wood5056@gmail.com](mailto:wood5056@gmail.com)

## WOODY'S SEPTEMBER TIP

By: Terry Hermes

Have you had to throw out your Super Glue that harden in the bottle? To help the shelf life of your Super Glue place the bottle in your refrigerator, in a bag and it will not dry out as quick as when you leave the bottle on a shelf in your shop.

**If you have something that helps you in your shop (a jig, shortcut, product, tool etc.) let me know so it can be passed on to everyone. If you are selling something from your shop we can add it to the classified section. You can send your tips, and classified item(s), with or without a photo to my email address: [wood5056@gmail.com](mailto:wood5056@gmail.com)**

## Wood Exchange

We are looking for items to place in our wood exchange. This is a great time to clean out your shop to see if you have any extra wood or tools you would like to donate to the wood exchange. Just let Tim know what you would like to donate. Thank You!
